VOL. XLV

CARLETON COLLEGE, NORTHFIELD, MINN., WEDNESDAY, MARCH 11, 1925

NO. 40

## ST. OLAF GOAT LEAVES CARLETON AFTER 13 YEARS

Maize Loses Second Contest of Season to Oles Saturday Night, 26-18.

### Victory for Vikings Moves Famous Trophy

Exciting Game is Watched by Greatest Crowd of Season.

(By Rollo Hanson.)

Last Saturday evening the traditional Carleton goat, after a 13 years' sojourn in the Carleton gymnasium, returned to its original home on Manitou Heights, when Carleton lost to St. Olaf by the score 26 to 18.

The cheering, yelling, Ole student body drunk with happiness, invaded the Carleton campus after the game, and took the goat from its adopted home. The "Billy" with tears in its eyes was forced to leave, but it had some consolation when Coach C. J. Hunt made a touching appeal for its early return.

Since Carleton has played St. Olaf in basketball, the Vikings have never before been able to win a single game, but after 13 years of defeat the Ole quint managed to win two hard fought contests.

In the first Carleton-St. Olaf basketball game of the present season, the team from Manitou Heights won by two points upon the Maize and Blue floor. Duplicating their early season victory, the Oles were able, by means of Martinson's shooting, and Captain Fevold's floor work, to score the second win over Carleton in the Viking gymnasium.

The crowd was kept on edge throughout the game. Both teams displayed plenty of fight, and the final score was always in doubt until the last gun was fired. Carleton led through the first half, but in the last minute of play, Fevold scored and tied the count. In the second half, with the Carleton team fighting desperately but uselessly, the Ole five drew gradually ahead, and managed to win by 8 points.

Fevold and Cleve made a grand finale to their four years in St. Olaf basketball, finishing off their brilliant careers with equally brilliant conclusions. Martinson was high point man of the game with four field goals, and six free throws. He seemed able (Continued on page 3, col. 2.)

## CARLETON MERMEN DEFEAT ST. OLAF

Maize Swimmers Win Every First and All but Two Second Places.

(By R. Brackett)

The Carleton swimming team completely submerged the St. Olaf mermen by the lopsided score of 54-14 in the Maize pool last Monday afternoon. The Carleton men won every first place and all but three second positions. Johnson, the St. Olaf star, did not compete. Captain McDonald of the Maize team was high point man.

In the opening event, the relay, Carleton revenged the defeat it received several weeks ago in the Ole pool. Goodwin, Keyes, Enkema, and McDonald were on the winning relay team. Ives and Goodwin of Carleton captured first and second respectively in the fancy diving event as did McDonald and Enkema in the 40-yard free style event. In the breast stroke event Brackett won first and Newhart third. Schmidt of St. Olaf placed second in this event.

Lium won the 100-yard back stroke in the fast time of 1:16. This lanky swimmer is expected to be a record breaker within a year or two. Emerson of Carleton defeated Bjornby of St. Olaf for second place in this event. In the plunge, Goodwin negotiated the 60 feet in less than 30 seconds for the first time this year. His time being (Continued on page 2, col. 4.)

## Cornell Student Gets Education Reversed

Going through school backwards is the experience of a student enrolled at Cornell.

William Driessler who is the subject of this experience left the employ of the New York Times to enter Columbia university. He then decided to be a minister and accordingly entered the Drew Theological seminary. Feeling a lack of early training he decided to correct this fault by enrolling at Cornell.

At the present time he is carrying nineteen hours of college work and has charge of a church at Rochester thirty miles from Mt. Vernon, Iowa.

## Debating Union To Discuss Literary Societies March 20

The meeting of the Carleton Debating union, scheduled for this week, has been postponed till Friday evening, March 20. The question: Resolved, That Carleton literary societies do not at the present time justify their existence, has been selected, according to the committee, partly to answer a desire for the discussion of that question, and partly as an experiment in the work of criticising campus activities through the debating union. The affirmative, criticising the societies, will be upheld by Elmer Peterson and Miss Pandora Johnson. The societies will be defended by Miss Edna McNulty and Jonathan McGinnis.

This is the last meeting of the debating union for this year.

## Phi Omega Society Wins Finals In Women's Debating

Delta Phi Society Defeated on Question of Government Ownership and Operation of Railroads.

The Phi Omega Literary society won the women's final intersociety debate Monday morning in the Little theatre over the Delta Phi society by a score of 2-1. The question for debate was: Resolved that the government should own and operate the railroads.

The members of the Phi Omega team were Gladys Mason, Florence Lee and Lucile Deen. The Delta Phi society was represented by Ruth Sampson Katherine Woods and Pandora Johnson.

The affirmative based their arguments on the issues that the railroads under present conditions are in need of a change because of lack of adequate terminal facilities and the undue competition, that government ownership of railroads is not an innovation, but merely a new application of an old American principle and that government control was a success during the war and would be a success now.

### Negative State Case.

The negative upheld their side of the debate by affirming that private ownership has proved successful, that government ownership in foreign countries is not satisfactory, that government ownership in the United States during the war was unsuccessful financially, that it would result in political corruption and involve undue expenditure of money, that gross inefficiencies would occur and that the American people are not prepared for government ownership of railroads.

The judges for the debate were Mr. Willard W. Bartlett, Miss Keith Clark and Dr. H. P. Houghton. Helen Brown presided.

## Carleton Wrestlers Lose Meet to Cornell

"Polly" Wallace of Olympic Fame Coach at Cornell.

The Cornell college wrestling team of Mt. Vernon, Iowa, administered to Carleton what is commonly called a "whitewash" in a meet held in Sayles-Hill gymnasium last Saturday afternoon. The Purple and White won every match without a great deal of difficulty. "Polly" Wallace, all-American football center and a member of the U. S. Olympic wrestling team, was coach of the Iowa aggregation.

The opening clash of the evening brought together Reichert of Carleton and Van Etten of Cornell. Van Etten last year was all-Missouri division champion in the 115 pounds division. Reichert lost on a time advantage as did Captain Davis in the 125 pound class. Wardell of Carleton was defeated by Nielsen of Cornell in an overtime bout.

In the most exciting match of the afternoon March of Carleton was thrown for a fall by Jones of the Iowa (Continued on page 2, col. 3.)

## CARLETON-PIPERS CLASH FOR LAST BATTLE OF SEASON

Kenyon High School to Play Carleton Frosh in Preliminary Game.

### Central High School to Furnish Gym Team

Hamline Hopes to Avenge Their Defeat by Carleton Earlier in Season.

Tonight at 8:00 p. m. Hamline will tangle with Carleton in Sayles-Hill gymnasium in the final basketball game of Carleton's 1924-25 season. The contest will follow a preliminary game called at 7:00 p. m. between Kenyon high school and the Carleton frosh. A gym team of athletes from Central High school, Minneapolis, will furnish entertainment between halves.

Carleton closes its first season in many years that she has played the losing role in the majority of games. The comparison of this year's inexperienced team with the spectacular Maize aggregation of last year is somewhat unfavorable. No championship is at stake in this Wednesday's game, but a good contest is expected because of the traditional Hamline-Carleton spirit.

### Special Train Coming.

Hamline is providing a special train on the Milwaukee for the occasion and three or four hundred rooters are expected from the Midway school. Hamline hopes to avenge the one point loss they suffered when Carleton visited St. Paul on February 14. Although they lost to St. Olaf in the Ole gym by a decisive score, the Pipers retaliated by defeating St. Olaf in the game played at Hamline.

The preliminary game is a new feature on Carleton's floor. Kenyon brings a strong team and is expected to give the Maize frosh a good fight. This will be the first time the Carleton underclass team plays before the student body.

The preliminary game will start at 7:00 p. m.

Coach Hunt has provided an added feature in bringing the gym team of Central High school to entertain between halves of the Maize-Piper mix. This group has an enviable reputation and promises to give a good exhibition.

## Eastern Colleges Oppose Forced Chapel

Many New England colleges are waging a campaign against compulsory chapel. The Yale Daily News in announcing the editorial platform of its new board of editors, contains the following plank:

Religion: We oppose in fact and principle the compulsory attendance of religious exercises.

Students of Dartmouth, Brown, Williams and Amherst have expressed themselves as opposed to compulsory chapel. The student body of Brown recently voted overwhelmingly against the institution.

The Williams Record is stirring up considerable sentiment at Williams in favor of the abolition of compulsory chapel. The Record states that in the past month it has received 300 communications not only from students, but from members of the faculty condemning this exercise. An open forum is being arranged at which the question will be discussed giving the student body, the faculty, and trustees opportunity to express their feelings.

## Mrs. W. W. Bartlett to Address Y. W. C. A.

The second series of the Charn School will take place at the Y. W. C. A. meeting in Gridley parlors this evening at 6:45.

The topic for discussion is "Culture." Mrs. Willard W. Bartlett will address the group and talks will be given by Marie Farmer, Edna McNulty and Lola Wilson. The meeting will then be thrown open to discussion and the program committee chairman urges that everyone take part. Elsie Swanson is the leader for the evening.

## Professor Fath

Dr. E. A. Fath of the Carleton department of astronomy, who addressed the Carleton student body in chapel Tuesday morning. Dr. Fath spoke on "The Importance of the Sun."

## Dr. Robert Gammon Speaks at Vespers Sunday Evening

The Rewards of Service and Sacrifice is Discussed by Educator From Chicago.

Dr. Robert W. Gammon of Chicago, religious secretary of the Congregational Education society, was the speaker at last Sunday evening's vesper services conducted in Skinner Memorial chapel.

The keynote of Dr. Gammon's address centered in "The Rewards of Service and Sacrifice." The World war with all of the disasters and sorrows which accompanied it, accomplished one thing, stated the speaker. "It saved the character of the American people from ruin. The young men and women and the older people had fallen into a selfish mode of living, with no thought save that for themselves. Then the war began and with the entrance of the United States a call came to these selfish people which meant sacrifice. The young fellows learned what work was like when they had to get down and dig, and dig hard. The frivolous young women found it necessary to give up the gay walks of life in order to serve the boys, and hundreds of men left their business and homes to enlist and fight. All else was forgotten except self-sacrifice and service. Such was the spirit which entered the hearts of (Continued on page 2, col. 1.)

## Junior-Senior Prom Plans Are Rapidly Nearing Completion

Annual Formal Dance to Take Place March 28—Junior Class Committees Under Coralie Wheeler Complete Plans for Event.

Plans for the junior-senior formal which will take place March 28, in Sayles-Hill gymnasium are rapidly being completed under the general chairmanship of Coralie Wheeler, junior class president.

Patrons and patronesses for the occasion are Dr. and Mrs. Cowling, Dr. and Mrs. Vestling, Miss Crawford, and Dr. Helming. The banquet preceding the prom will be given in Gridley hall and will start at 6:00. The upperclassmen will assemble in Nourse hall prior to the banquet and from there will go to Gridley. Dancing will take place from 8:00 p. m. to 11:30 p. m. Out-of-town guests are to be invited through juniors and seniors.

### Juniors in Charge.

The committees who have been in active charge of the prom are all from the junior class. Decorations for the dance are well under way and are in charge of Eldon Linderman, chairman; Jeanette Owsley, and Richard Rodgers.

The committee in charge of the banquet are Katherine Cunningham, Veva Meirs, Mary Anderson, Wesley Spink and Robert Rice.

The programs and favors for the prom have been ordered and are under the direction of a committee with Theodore Kolderie, chairman; Helen Christianson, Helen Gillespie, and Malcolm McDonald.

The music committee has contracted for an orchestra whose name will be announced later. The committee is in charge of George Heleniak, chairman; Muriel Hebal, and John Driscoll.

### To Serve Punch.

The entertainment for the evening will take place during intermission. The committee in charge have planned several surprises for the occasion. The committee is in charge of Ruthella Brown, chairman, and Pearl Paulson.

Sophomore girls will be in charge of the check room and serving of (Continued on page 4, col. 3.)

## DEBATE TEAMS TO REPRESENT MAIZE CHOSEN YESTERDAY

Affirmative Team is David Costello, Jesse Perrin, Jerome Mellquist.

### Two Debates Come Tuesday Evening

Negative Speakers are Wesley Spink, Buell Gallagher, John Nason.

On Tuesday Professor I. M. Cochran announced his choice of the men to represent Carleton in the University of North Dakota debates of March 17. The affirmative team will be Donald Costello, Jesse Perrin, and Jerome Mellquist; the negative, Wesley Spink, Buell Gallagher, and John Nason. The men will speak in the order given.

The question of debate is: Resolved, that Congress should be empowered by a two-thirds vote to set aside those decisions of the Supreme Court which declare acts of Congress unconstitutional. Carleton's affirmative team will meet the North Dakota negative here next Tuesday evening; at the same time Carleton's negative will clash with the North Dakota affirmative at Grand Forks. Both of these debates will be to a decision. On Monday, March 16, the Carleton negative team will engage in a practice debate with North Dakota Agricultural college, at Fargo. This debate will be of the no-decision, open forum type.

The judges for the Northfield debate will be R. C. Lansing, English professor of the Agricultural college at the University of Minnesota; W. R. Myre, professor of economics at the University of Minnesota, and John Gaus, professor of political science at the same institution. The debate at Grand Forks will be judged by Superintendent Moore of the Fargo public schools; Professor Tighe of the Fargo high school, and Nelson Sauvain, superintendent of schools at Devils Lake, North Dakota.

### Three Veterans.

Of the six men who will speak for Carleton three have had previous intercollegiate debating experience. A year ago Buell Gallagher was a member of the team which met Beloit in a no-decision contest. John Nason was first speaker for the team which met and defeated Oxford last fall. Jesse (Continued on page 3, col. 3.)

## CARLETON COWS SET NEW RECORDS

Twenty Per Cent of Purebred Cattle Bought by Breeders Was Sold by Farm.

That Carleton Holsteins are popular is shown by the transfers of ownership recorded and published for the month of December, 1924, by the secretary of the National Holstein Breeders' association. Twenty per cent of the purebred cattle purchased by Minnesota breeders were secured from Carleton college farm. Beside those sold in Minnesota, shipments of cattle were also made to Wisconsin, Iowa, North and South Dakota.

After winning first prize in the two-year class, at both local fairs last fall, Carleton Nona Piebe Segis has just completed, at 37 months of age an official record of 29.3 pounds butter in seven days. Among a number of other good records now in progress at the farm, that of Flecks Homestead Hengerveld Fobes, a prize winner in the national honor lists, as a three-year-old, is now at work in mature form, and has averaged 115 pounds butter for each of the last three months.

"Pigs will be pigs" will be heard often this year, and the sixty head of youngsters now rapidly preparing themselves for the highest pork market since 1920 promise good returns from this branch of the farm's livestock industry.

## Bachelors' Club Former in Schools

In keeping with the movement that is spreading throughout the important colleges of the country, a club known as the Bachelors' club has been formed by members of Phi Mu Delta fraternity at Northwestern university.

To be eligible for membership in this club one must confess that he has recently been jilted by some fair damsel.

Other members of the same fraternity have banded themselves to organize another club known as Phi Mu Alpha. These letters signify "Future Married Men's association." The requirement for membership in that one must have at least one "steady" and she must be able to boil water without burning it.

## Annual High School Regional Tournament to be Held Friday

Teams from Windom, Rochester, Faribault, and Northfield to Contend for Regional Title and Carleton Cup.

The annual tournament of the seventh school district will be held in Sayles-Hill gymnasium Friday, February 13. Teams from Windom, Rochester, Faribault, and Northfield will compete, the winner being sent to the state high school basketball tournament, formerly held at Carleton, and now staged at Kenwood Armory, Minneapolis.

A trophy cup is offered by the athletic department to the team which will represent the seventh district in the state meet. The tournament ball, a Thomas E. Wilson Co. ball presented by the Warner Hardware Co. of Minneapolis, will be given to the losers in the final game.

Drawings will be made Friday morning. The first game will come at 10:00 a. m. The second will follow at 11:15 a. m. The losers in the morning games will play a preliminary contest at 7:30 p. m. for third place in the district. The final game, deciding who is to represent the district and receive the silver cup will be called at 8:00 p. m.

The teams will be lodged at the hotel while in Northfield. Fred Oster of Minnesota U. brings a team from Rochester where Cowles, present Carleton coach, held a position two years ago. Joe Hutton, '24, and his Northfield high team, which placed first in the tournament held at St. Olaf by winning their final game by one point, come as a strong contender. Fuller, a Northfield man, coaches at Windom, and Johnson brings a team from Faribault.

The C club will have charge of the entertainment during the tournament.

Prices for the game are as follows: Morning games, 35 cents; evening games, 50 cents; reserved seats for evening game, 75 cents. By a special arrangement the athletic department has made it possible for students to purchase tickets for the whole tournament for 50 cents. These, however, must be purchased Thursday afternoon because season tickets will be sold at no other time. Reserved seats for the evening games may be had by calling at the athletic department office. The season tickets admit to the track only.

## "Predestination" is Subject at League

"Predestination" was the subject discussed at the meeting of the College League Sunday evening after vesper at the Parish house. Glen Nylen was leader.

Spirited debate arose on several phases of the question of predestination and its relation to man's course in life. The part that God plays in individual action and in history and the influence of heredity and environment, especially, were centers for argument and speculation. Although many interesting ideas and theories were advanced, no definite conclusions were reached before the time for closing.

## Dr. E. A. Fath Speaks at Chapel

Dr. E. A. Fath, professor of astronomy at Carleton, spoke in chapel yesterday, March 9, on the relation of the constancy of the sun to the universe. "Throughout all the centuries," the speaker said, "the sun has given off heat at the same rate of speed, and it is on this that civilization has been dependent. Life could not exist on earth if the sun were inconstant in its rotations. Thus, as the sun means life to the earth, so does our success in a small or large world depend on our steadfastness."

## Roanoke College Abolishes Hazing

Because of the intense friction between the two lower classes, the faculty of Roanoke in Virginia recently abolished all forms of hazing, which it defined as "the striking, laying hands upon, treating with violence, or offering bodily harm to a new student with the intent to punish or injure him; or other treatment of tyrannical, abusive, shameful, insulting, or intimidating nature."

Under a new system adopted by the student body, a committee is appointed to enforce a few regulations, such as the wearing of the "rat" cap and one or two other rules of campus conduct. But with these few exceptions, freshman at Roanoke college are on a par with upperclassmen.

Dean Brown, commenting upon the action, said it was his belief that "teasing of freshmen by upperclassmen created a cheap college spirit" which Roanoke could do well without.

## They Got Our Goat

The Carleton-St. Olaf goat, who left his home on the night of March 6 after a sojourn of thirteen years. It is rumored that he is already dissatisfied and contemplates returning next year.
